

Dear Parents,

This Sunday's service was due to be an all age worship. Obviously, I can't do an all age worship in the Hall, but I have done a 2 minute YouTube video which it would be great if your kids could watch with you. You can find it at <https://youtu.be/257y1kgXrUA> .

In the clip I am asking for young people to do some art or writing and possibly to reflect on the lockdown and how they are feeling (you could ask them where they feel God is in all of this.)

If they want to do some artwork, poetry, build something, or anything else, I would be happy to collect their work (or a photo of it) if you send it in via email to info@centralhall.info. I will then put their work up on our website (I'll send a link).

Talking of the website, we are working with young people to improve the site and make it even better.

As we start to get closer to returning to worship, we are thinking about our children's and young people's work. If you have any suggestions about our work with young people we'd be very happy to hear from you.

Finally, if there's anything I can do to help you, as parents, during this time please get in touch.

With love and blessings to you and your families,

Rev Stephen
