

Dear Parents,

This Sunday's service was again due to be an all age worship. I still can't lead an all age worship in the Hall, but as I did last time, I have done a short YouTube video which it would be great if your kids could watch with you. You can find it at [AAW July 2020](#) and on the website at <http://centralhall.info/resources/>

I've been looking at the website with Kuda and we've changed the page for Young Adults and Students - if you and your family have time, take a look as see what you would change <http://centralhall.info/students/>. We would like it to have more relevant pictures, so please feel free to suggest some (you can send them to me if you want).

I would also love to improve the **Children and Youth** page <http://centralhall.info/children-and-youth/> - which may be more relevant to your family. Please look and send ideas!

As we get closer to returning to worship, we continue thinking and praying about our children's and young people's work. If you have any suggestions about our work with young people we'd be very happy to hear from you.

Finally, if there's anything we can do to help you, as parents, during this time please get in touch.

With love and blessings to you and your families,

Rev Stephen
