

Artist in Residence Opportunity

The Methodist Church at Coventry Central Hall

would like to house a number of Artists in Residence to deliver exciting programmes during the City of Culture year (May 2021-April 2022)

We could be looking for a Digital Media Artist, someone who specialises in Art for the community and families, a musician, amateur dramatics, or something completely different! Towards the end of each residency, which we expect to last 3-4 months, each artist will hold at least one large celebration event.

Our theme for City of Culture will be **FAITH, HOPE & LOVE**

Our church is an inclusive Christian community whose mission is to offer living hope for real people. You do not have to be a person of faith to apply for this, but you should be sensitive to the ethos of the Methodist church.

We are striving **to make the Arts accessible to all**

- by hosting art events that celebrate the cultural diversity of our city
 - by celebrating Methodist faith and culture through the arts
- by creating a lasting legacy beyond 2021 that will continue to nurture and grow the arts in our city

Successful applicants will have a monthly budget of around **£5K-£7K** to cover all aspects of their residency, including preparation time, your residency time, materials, your large event and any sub-contracting.

Final applications must be received by **14th February 2021**.

Your proposal should include:

- your contact details
- a little about yourself and your Art story including examples of your work
- an outline of your proposed events including information on your target market
- Information on how you will deliver your projects, including rough costings

You are invited to apply in whatever media you wish ie. written, short video etc

Applications to: CityofCulture@centralhall.info

Any ideas are welcome, come on and inspire us!
